<END>

and the Secretary of Workforce Development. One could argue, then, that legislative oversight of funding for the System is diminished by providing additional authority to the Board. On the other hand, the Legislature would continue to set broad state funding policies for the System during biennial budget deliberations. If further information is desired, the Committee could require the System to provide copies of the required annual report to the Joint Finance Committee, and the appropriate standing committees of the Assembly and Senate, in addition to the Secretary of Administration.

ALTERNATIVES

1. Approve the Governor's recommendation to delete 15 current categorical aid programs as of July 1, 2014, and, instead, provide \$21,874,200 GPR in 2014-15 in a new continuing appropriation for aids and grants to district boards, to consolidate current GPR grants into a single appropriation. Require the Board annually submit a report to the Department of Administration that would describe how the moneys appropriated for grants to district boards would be distributed in the current fiscal year and programs that the moneys would fund.

2. Make any or all of the following modifications to the bill:

✓a. Delete current law under the incentive grant program that requires that minimum grant totals of at least \$1,500,000 for adult literacy programs and \$100,000 for nurse training programs must be awarded annually. 38.27 (2m) (c) + (d)

✓b. Modify current law under training program (WAT) grants, to allow the System Board to make grants for advanced manufacturing skills, rather than require that grants under this category total at least \$2,000,000 annually. 38.41 (3) (d)

✓c. Modify current law to include net costs and FTEs related to the Nicolet Area Technical College collegiate transfer program as aidable costs and FTEs for the purposes of state general aid, beginning in 2014-15.

✓d. Specify that the System Board could choose to make consolidated grant awards for the purpose of apprenticeship curriculum development.

✓e. Require that the System Board submit its annual report on the consolidated grant program to the Joint Committee on Finance, and the appropriate standing committees of the Assembly and Senate, in addition to the Secretary of Administration.

✓f. Require that the System Board, to the extent practicable, ensure that grants are awarded to each geographic region of the state represented by the technical college districts.

3. Delete provision. This alternative would retain current law and the 15 current categorical aid programs for technical colleges.

To: Grant, Peter
Subject: Nicolet drafticle

Hey Peter, This is LRBb0084/1. Pretty sure I told you to kill off the Nicolet categorical aid altogether starting in 2014-15 (item 6 in the draft), but now looking back at my paper, I didn't really say either way. The alternative just let them count their costs and FTEs beginning in 2014-15, but we don't say explicitly that we'll make the categorical aid go away, which I probably should have specified. Anyway, I don't want to be on shaky ground when Libby Burmaster calls to ask why I killed off the state board's permissive authority to give her welfare and then she rips my face off when I tell her it's the logical outcome, even though I didn't specify it in the paper. Oops.

Also, should we put these new section numbers in 9443 (1)? 638g, 638r, and 659m?

This is not a rush, obviously, but I would certainly forget all about it between now and Friday if I didn't send this.

Thanks!
